

Disney THE ODD LIFE OF TIMOTHY GREEN

My 7 Wish Leaves

Create a set of wish leaves that describe the type of person you wish to be. Then, decorate your room with them as helpful reminders.

YOU WILL NEED: heavy card stock paper, printer, non-toxic glue, marker and scissors!

DIRECTIONS: Print out each template on heavy card stock paper. Have an adult help you fold each template down the center and glue between the fold. Let dry. Cut out each leaf from the template and write your seven wishes on each leaf. Place in your room where they can inspire you everyday!
